Lt. Gen. Vernon Walters  
Deputy Director  
Central Intelligence Agency  
Washington, D.C. 20505

Dear General Walters:

I am very pleased to send you under separate cover the Strategic Studies Center's latest publication, Strategy for the West, edited by Richard B. Foster, Andre Beaufre and Wynfred Joshua. This book makes available twelve papers by leading West European and American strategists who examine today's critical Western defense and security issues and offer suggestions for revitalizing the Atlantic Alliance. These papers were originally presented at a conference in Juan-les-Pins in May 1973, sponsored by our organization at which we brought together representatives of key Western European and American research institutes who have long dealt with the problems of the Western Alliance.

I hope that this timely book will be of interest to you in your work.

Sincerely,

Richard B. Foster  
Director
